- Food waste
- Cactus

Residential Non Collection Notice

- If your carts are tagged with a Non-Collection Notice:
 - Review the non-collection notice
 - Correct the issue
 - Burrtec will service on the next collection day

Recycle Right!

Help the sorting of recyclable materials by not putting trash in the recycling container. Trash in the recycling container slows down the processing of materials, reduces the quality of baled recyclables, and increases disposal costs. Please help keep the recycle container trash free.

Recyclable Items List

✓ Aerosol cans (must be completely empty)	✓ Junk mail
✓ Aluminum cans	✓ Laundry bottles
✓ Brochures	✓ Magazines/catalogs
✓ Cardboard	✓ Newspaper
✓ Cereal boxes (remove wax paper lining)	✓ Paper

BURRTEC

"We'll Take Care Of It"

RecyMF2019

Top 5 Items to Keep OUT of the Recycling Container

Here are the 5 top items that should never be placed in the recycling container:

1. No Garden Hoses.
2. No Diapers.
3. No Hazardous Waste.
4. No Pet Food Bags.
5. No Electronic Waste.

Where are Carts and Bulky Items Placed?

- Carts placement:
 - At least 18" apart from each other
 - In street with wheels next to the curb/property line
 - To one side of the driveway
 - Three feet from parked vehicles or other obstructions.
- Collection vehicles will collect each container at different times on your collection day
- Bulky items and e-waste (sofa, TV, etc.) should be placed on the curb/property line on your collection day. Do not place bulky items or e-waste in the street.

Additional Residential Services

- Holiday Tree Collection
- Bulky Item Collection
 - Four times per year/5 items per collection

Recycling Legislation

- 50 % Waste Reduction (AB 939)
- 2020 Goal of 75 % (AB 341)
- Food Waste / Organics (AB 1826)
- New Legislation
 - AB 1594 – Green waste at Landfills NOT Diversion
 - SB 1383 – Numerous Program Enforcement Requirements(container colors, inspections, ordinances)

Waste Diversion Mandates

- **AB 939 Intergraded Waste Management Act**
 - Diversion of 25 percent of all solid waste from landfill or transformation facilities by January 1, 1995
 - Diversion of 50 percent of all solid waste by January 1, 2000
- **AB 341 Recycling Mandates & Diversion**
 - Businesses to arrange for recycling services by January 1, 2012 (4 cubic yards or more and/or 5 multifamily units or more)
 - Requires state to divert 75 percent of solid waste by January 1, 2020
 - Achieving AB 341's 75% recycling mandate will result in an estimated 20 to 30 MMTCO₂e reduction in 2020

Commercial Recycling (AB 341)

- Businesses generating four (4) cubic yards or more of waste per week *and* multi-family residential dwellings with five (5) or more units are subject to regulations

**RECYCLABLES ONLY • RECICLABLES SOLAMENTE**

				
Paper & Mail Papel y Correo	Glass Bottles & Jars Botellas y Tarros de Vidrio	Aluminum & Metal Cans Latas de Aluminio y de Metal	Cardboard Carton	Plastic Bottles Botellas de Plastico

Commercial Organics AB 1826

- January 1, 2016, Jurisdictions were required to implement an Organic Waste recycling program for food waste and green waste
- April 1, 2016, Businesses that generate 8 cubic yards (cy) or more a week were required to source separate food scraps and yard trimmings and arrange for organic recycling services
- January 1, 2017, Businesses generating 4 cy or more per week of organics were required to participate
- January 1, 2019, Business that generates 4 cy or more of commercial solid waste per week and multi-family dwellings with 5 units or more and 4cy of solid waste per week.
- **Summer/Fall 2021:** If Cal Recycle determines that the statewide disposal of organic waste in 2020 has not been reduced by 50 percent of the level of disposal during 2014, the organic recycling requirements on businesses will expand to cover businesses that generate 2 cubic yards or more of commercial solid waste per week. Additionally, certain exemptions may no longer be available if this target is not met

Commercial Organics AB 1826

- Businesses and Multi-Family Targets
- Food & Green waste
- Multi-Family : Green Waste

Food Waste

- Food Waste
 - Californians throw away nearly 6 million tons of food scraps each year.

Acceptable food waste materials

- ✓ Dairy products
- ✓ Fruits and vegetables
- ✓ Meats and bones
- ✓ Seafood
- ✓ Poultry
- ✓ Breads and grains
- ✓ Coffee grounds
- ✓ Plant trimmings
- ✓ Soiled paper products

- Espuma de poliestireno
- Botellas y latas
- Papel de aluminio
- Líquidos
- Desechos peligrosos
- Vidrio

Organics Processing

- Compost
 - Includes controlled decomposition of organic material such as leaves, twigs, grass clippings, and food scraps.
- Anaerobic Digestion (AD)
 - Renewable Energy: Biogas is burned and converted to electricity

Recyclables: China's National Sword Policy

- China has been the world's largest importer of recycled commodities
- In 2017, China announced efforts to clean up the country causing dramatic changes for criteria of imported recyclables
- A significant reduction in acceptable contamination to 0.5% for recovered paper and plastic
- China banned all mixed paper from import, regardless of contamination levels

Recyclables: China's National Sword Policy

- In 2018, China declared their intent to ban all recyclable material imports by 2020
- Policy changes in China have caused a significant increase in scrap imports to other Southeast Asian Countries
- These countries have begun to enact bans and inspection standards similar to those in China

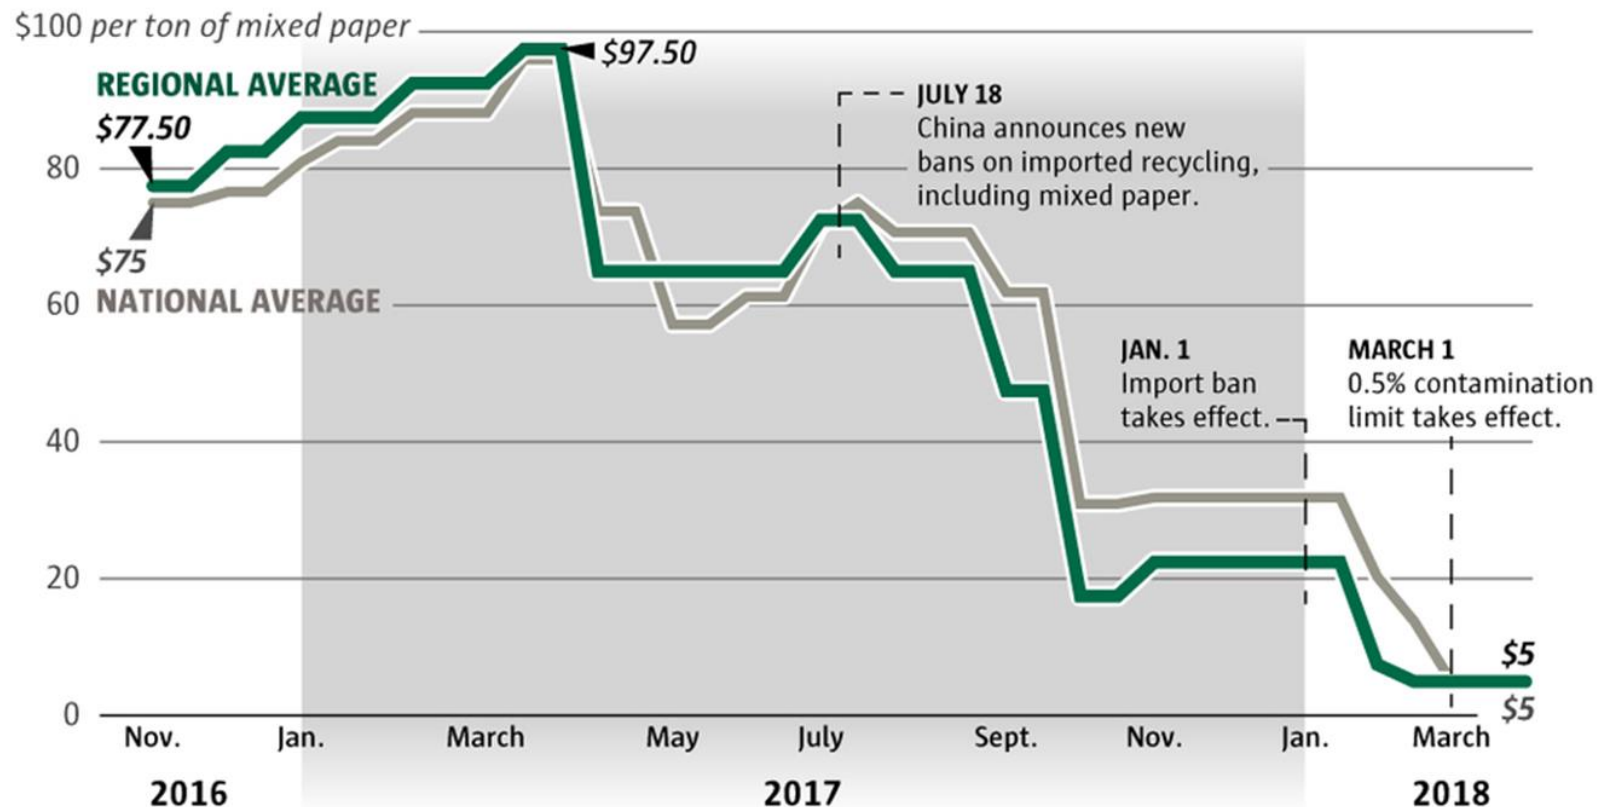

Recyclables: China's National Sword Policy

- Indonesia now requires 100 percent inspection of scrap paper and plastic imports
- Malaysia imposed import tax on scrap plastics and has tightened permit requirements
- Taiwan has limited fiber and plastic scrap imports
- Thailand has announced an indefinite ban on scrap plastic and electronic imports
- Vietnam has stopped issuing new scrap plastic import licenses and placed a ban on plastic scrap imports until further notice

Recyclables: China's Policy Impacts

China closes the door, prices crash

The average price paid to recyclers for a ton of mixed paper in the Pacific Northwest and across North America has plummeted in the last year.
